Dear Gary,

On behalf of Queen of the World Parish, we want to thank you for all you help with the installation and design of our new sound system.

When the decision was made to refurbish the interior of our church, one of our top priorities was a new sound system. After looking for a professional installer, we feel we certainly made the right choice in selecting CZ Sound for the job.

The refurbished altar area of our church is absolutely beautiful and we truly believe that the quality of the sound and the placement of the speakers throughout the church and in our choir / music area is nothing short of fantastic and only adds to the beauty of our church.

The improvement with the clarity of the sound lends such dimension to our worship as well as brings about a better attention span of our parishioners who are now able to hear and participate at Mass.

We are very happy and pleased with the quality of the sound and the professionalism and efficiency with which the new system was installed. I would not hesitate to recommend Gary and CZ Sound to anyone considering a new sound system or an upgrade in their church to enhance their services.

Sincerely yours,

A handwritten signature in black ink that reads "Fr. Michael". The signature is written in a cursive style.

Fr. Michael P. Ferrick
