**Dear Friends:**

**I am happy to write this letter as a testimony to the quality of equipment, workmanship, knowledge, and customer service that CZ Sound Company offers. We have just completed a major building project that required a complete sound system for the new church and the social hall located in the lower level. The sound system for the church sanctuary and choir area is spot on. The sound that we get when our contemporary choir is playing is awesome. In our lower level we have a complete sound room and we are able to have the sound from the church heard through the speakers while the cameras project on the large screen what is taking place in the upstairs. We are also able to play videos, dvds, cd's as well as handle power point presentations.**

**Quite frankly, I can't say enough good things about Gary, his workers who were most professional as well as neat and clean and their work. I would strongly recommend them to anyone who is looking for an outstanding system at a great value.**

**If I can be of further assistance please do not hesitate to call the parish office and speak with myself or the pastoral associate, Suzanne Gilch. Our number is 412-963-8885.**

**Best wishes on your project.**

Sincerely,
